

Cypress-Fairbanks ISD Earns the Trusted Learning Environment Seal

Student Data Privacy Seal Awarded to Houston-based Cypress-Fairbanks Independent School District *Third School System in the State of Texas to Receive CoSN's National Privacy Designation*

TRUSTED LEARNING ENVIRONMENT
Valid through January, 2021

Washington, D.C. (January 16, 2019) – [CoSN](#) today awarded the national Trusted Learning Environment (TLE) Seal to Cypress-Fairbanks ISD in Houston, TX. The district, which is the third school system in Texas to receive the Seal, earned the distinction for demonstrating a commitment to protecting student data through modern, rigorous policies and practices.

“Cypress-Fairbanks is honored to have received the Trusted Learning Environment Seal distinction. We have worked diligently with district leadership, staff and students to ensure that appropriate measures are in place to secure information,” said Dr. Mark Henry, Superintendent of Schools, CFISD. “Our team understands that earning this distinction is not the end of this process, but only the beginning. We will continue to implement and improve security measures regularly in order to deliver a ‘Trusted Learning Environment’ for our community.”

“Congratulations to Cypress-Fairbanks for their proven leadership in carrying out critical, impactful privacy work. They join a unique group of districts that have earned this national Seal, and we are excited about the Seal’s continued growth in Texas and across the country,” said Keith Krueger, CEO CoSN.

James Costello, Jenifer Miller, and Eric Pina successfully worked together along with multiple teams and departments to earn the TLE designation.
