

# Technology Service Center Feeding The Future

On **Thursday, June 8th**, Technology Service Technicians Assisted DII with updating of the Food Service Point Of Sale Machines. **Steven Rodriguez, Brandon Splawn, Tim Crook, James O'Riley, Jose Vargas, and Dencio Cabitac** received additional training on how to sync the Point of Sale Machines to the Site Server at each campus. This will help provide additional support to **Derly Buentello** and **Michael Watson** to ensure campus Cafeterias are ready for the start of the 2017 – 2018 School Year.

Way To Support The District!

# Reflections

## Acquisition, Assets, and Sustainability

This week I was fortunate to attend the RRR (Rigor, Relevance, Relationships) Leadership Conference at the Berry Center. There were many excellent speakers that talked about many great ideas on how to improve yourself. The one that made me reflect most about personal improvement was Steve Rizzo. He talked about how to start each day with an unstoppable attitude and to succeed regardless of your circumstances. This made me think about how I could motivate myself and have a great attitude.
