

Asset Team And Service Technicians Work To Install Equipment At Watkins

Install team from left to right are T.J. Brunner, Brenda Willey, Geoffrey Brown, Ashley Katzenberger, Cassandra Slade, Art Ramirez, Tara Maxwell, Robert Hernandez, Leonard Chance, Dencio Cabitac, and Jonathan Campos. The team moved technology equipment into the new portables at Watkins middle school to get it ready for the start of school.

Asset Team Construction Meeting Watkins

Leonard Chance met with Jesse Clayburn and various contractors to get an update on the progress of the campus. The construction of the temporary portable campus is nearly complete and will be ready for technology to set up administrative and instructional areas this Thursday July 28th.

Reflections

Acquisition, Assets, and Sustainability

August is here as we start a new school year. All of the service technicians will be back this week. There is much new information for them to learn with all of the new technology that was installed. With the beginning of a new school year there is much excitement and a chance for a new beginning. I know we all are looking forward to another great year working with our teams and finding new ways to help the students to accomplish their goals. – **Jay Johnson**

We're Going Back To School
