Official Technology Audit Update

December 10, 2015

We are quickly reaching the end of the scanning phase for the Official District Technology Audit. Overall, the middle school campuses are 65% completed with the building scans and the high school campuses are 62% completed. This is a major improvement over the last week.

The campus technicians have increased their individual efforts and we are seeing campuses completing their scans daily.

The scanning period for the official audit ends December 18th.

Assets Team Now Fully Staffed

The Assets team is now fully staffed and are working to resolve inventory issues. Pictured above from left to right are Mike Grimes, David Rodriguez, Leonard Chance (team leader), Ashley Katzenberger, Geoff Brown, and Cassandra Slade.
