

Network Infrastructure Communication Adam Elementary Renovation

The past week proved to be a very productive week at Adam ES. On Tuesday, August 15, 2017 Carlos Yepez, Richard Martinez, Francisco Gonzalez, Javier Ramirez, and the MCA Communications crew worked all night-long to get all network closets ready for the following day since the Fire Marshal Inspection was scheduled for that day. This was a great MCA accomplishment !!! Thank you!!!

Network Infrastructure Communication Adam Elementary Renovation

On Wednesday, August 16, 2017, **Elizabeth Montes** met with Kenny and Daniel from Gigabit Technologies to patch-in all network closets. Kenny and Daniel completed all network closets at Adam ES. Thank you Gigabit!

Network Infrastructure Communication Adam Elementary Renovation

On Friday 18, 2017, **Elizabeth Montes** met with **Ray Leung** and Layer3 Communications' team to continue with the installation of the APs for the WiFi.
