Information Services and Applications

is proud to announce

eSchoolPLUS version 4.0

Training Opportunities

Cypress-Fairbanks ISD is upgrading to the new version of eSchoolPLUS.

Information Services and Applications (ISA) is excited to be moving from eSchoolPLUS version 3.0 to eSchoolPLUS version 4.0. The current eSchoolPLUS version will no longer be supported after July 2018. Upgrading to the new version will provide additional Student Information System (SIS) functionality to the district, including:

- **Browser independence (no longer dependent on Internet browser version, e.g. Chrome or Internet explorer)**
- **Ease of use through a new and improved global menu**
- **Enhanced scrolling of student lists**

ISA has contracted with PowerSchool, the makers of eSchoolPLUS, to host on-site training to assist Cypress-Fairbanks in converting to the new version of eSchoolPLUS. Training will be available for employees whose job relies heavily on eSchoolPLUS (i.e.: Counselors, Registrars, Attendance Clerks, etc.).

ISA strongly encourages your attendance in the course that coincides with your position. In addition to the on-site training, instructional videos will be available to further support this transition. Additional training dates and locations will be offered if needed. The specifics for the trainings are listed below.

[Login to the Cypress-Faribanks Professional Growth System \(CFPGS\) and reserve your seat today.](#)

TRAINING DATES

February 6, 7, 8, 13, 14, & 15th

March 6, 7, & 8th

Training will be held at: **Cypress Park High School**

The new version of eSchoolPLUS will launch April 16, 2018!!!
