

Goal 2

# Middle School UPS Installations Are Complete

Elizabeth Montes

Under the direction of **Elizabeth Montes**, the SolidIT Networks' uninterruptible power supply (UPS) deployment reached a milestone this week: middle school UPS installations are complete. UPS units were installed at both Truitt MS and Watkins MS. To date, **Elizabeth** has managed the successful deployment of new UPS units to all high school and middle school campuses. The next phase of this project begins next week and will focus the installation of elementary campuses.
