

Goal 2

# Concerted Effort Prepares for Next Campus Conversion Smith Middle School

Roland Padilla

Charles Newton

Mike Grimes

With several projects in motion, rarely does a day become routine. However, these pictures depict what is becoming a weekly Friday morning occurrence. **Roland Padilla** and **Mike Grimes** are at DataCenter 2 loading Cisco switches that are ultimately taken to a campus. This week the switches located in the MDF/IDF closets at Smith MS are being updated. **Charles Newton**, with Presidio, is loading his car with assorted patch cables needed to complete the conversion.

Goal 2

# Concerted Effort Prepares for Next Campus Conversion Smith Middle School

Elizabeth Montes and Nancy Grella

The Presidio and Gigabit teams made significant progress Friday night. All switches were installed in all closets, with at least one stack up and online. **Thomas Hollister** met Presidio on site Saturday to finalize the conversion.

Monday morning, October 5<sup>th</sup>, **Nancy Grella, Elizabeth Montes, and Glen Carpenter** verified the campus was online, applications were working, printers were functioning, and the campus was prepared for the school day.
