

# Technology Service Center Technician Preparing Class Room for TELPAS

On Friday February 23<sup>rd</sup> **Jay Johnson** met **Demetria Hargrove** at Holbrook Elementary. Demetria was in one of the portable setting up laptops for the TELPAS testing that will start on Monday February 26<sup>th</sup>. Jay and Demetria talked about moving the TELPAS testing out of the portable and into the main part of the school due to the connectivity issue that might happen. Demetria and Jay talk to the test coordinator and the Principal and it was agree that the testing should be moved. Pictured above is Demetria setting up the class room inside of the main part of the school so Holbrook Elementary will be ready for testing on Monday.
