

Goal 2

Significant Milestone Reached UPS Installations at Campuses Are Complete

Under the direction of **Elizabeth Montes**, the SolidIT and CFISD teams reached a significant milestone this week. The combined teams completed the installation of the uninterruptible power supply (UPS) units at all campus sites this week. This past week the teams worked to install UPS units at the last of the elementary campuses. As a result, new UPS units are now installed at all High School, Middle School, and Elementary School campuses. The next phase of this project will be focused on the installation of the Administrative buildings.
