

Responding to E-Rate Reimbursement Questions from the Schools and Library Division

Katie Hernandez took the lead and served as the overall point of contact between CFISD, Education Partners Solution (EPS) and ESC12 E-Rate Works, the district's E-Rate consulting firms, to respond to questions from the Schools and Library Division (SLD). This is **GREAT NEWS** because it means our reimbursement requests are being processed. This includes the large requests in category 2, see the following table. If approved by the SLD, the reimbursements will hopefully be used to supplant the 2014 Bond Technology Infrastructure projects. When notified, there will be a big celebration.

The following requests were provided this week:

- ✓ Provided budget information showing when 2014 Bond funds were sold. Also provided copies of our district budget, showing we had “applicant share” funds available for the purchases.
- ✓ Uploaded non-winning RFP bid responses
- ✓ Provided updated PEIMS information.
- ✓ Provided supplemental information needed to finalize and process the reimbursement requests.

VENDOR	E-Rate	E-Rate Funding Request
	Funding Category	
Cogent - Internet	Category 1	\$40,363
ICTX - Internet	Category 1	\$75,600
