

# 2014 Bond Implementation Status As of July 5, 2016

Technology Service teams are aligned to focus on four top priorities this summer. Over 50 staff members are supporting the 2014 Bond implementation. Schedules are being closely monitored to assure as much work as possible can be completed during the summer. Though challenging, staff is making tremendous progress. This is a testament to the team's incredible will power and persistence to get this job done. Great job team!

1. **Bond Goal 1** - Wireless upgrades for dense deployment
2. **Bond Goal 5.1** - Telephone system upgrades with Voice over IP
3. **Bond Goal 5.2** - LANDesk implementation to replace Novell ZenWorks
4. **Bond Goal 2** - Configuration of the firewalls and the DMZ (network partitioning)
