

Take a Tour of Watkins Middle School's Portable City

Frankie Jackson visited Brenda Wiley, the campus technician at Watkins Middle School, on Friday, **August 12th, 2016**. There are approximately 56 portables that now make up Watkins Middle school, including classrooms, offices, and library. The amount of temporary switching infrastructure, cabling, and fiber installed in the summer, in the heat and in the worst of conditions is unbelievable. Technology staff talked about their obstacles and the amount of work involved. That is an understatement. [Take a tour of Watkins Middle School's Portable City here.](#)
