

# Technology Infrastructure and Connectivity Being Renovated at Adam Elementary

Bond 6.2

Frankie Jackson visited the Elizabeth Montes at Adam elementary school on **June 27, 2017**. The is being completely gutted. This causes a major upheaval of technology items, e.g. network closets, network drops, cabling, wireless access points, etc. Pictures on this slide and the next shows the magnitude of work. Thank you Elizabeth for your expertise, persistence and attention to detail. Great job!

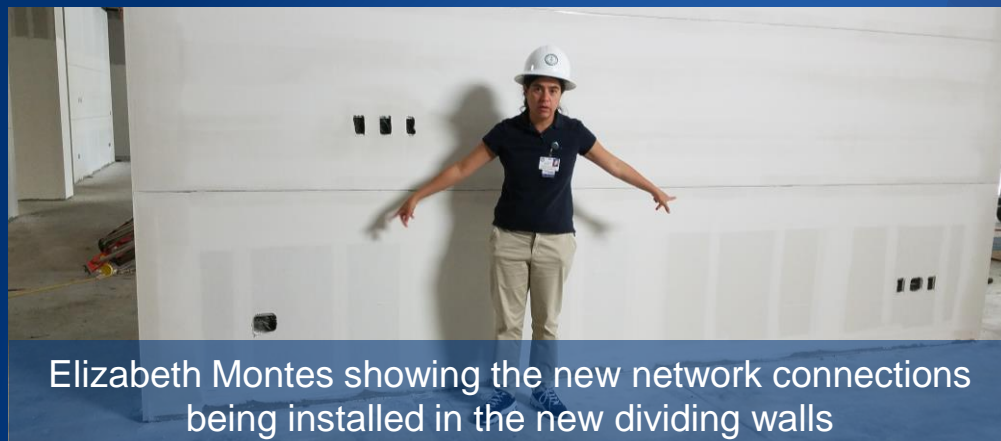

Elizabeth Montes escorting Frankie Jackson through the school

Elizabeth Montes showing off new network closet

Elizabeth Montes working at with MCA cabling team to reconnect cables that have been cut during building renovations

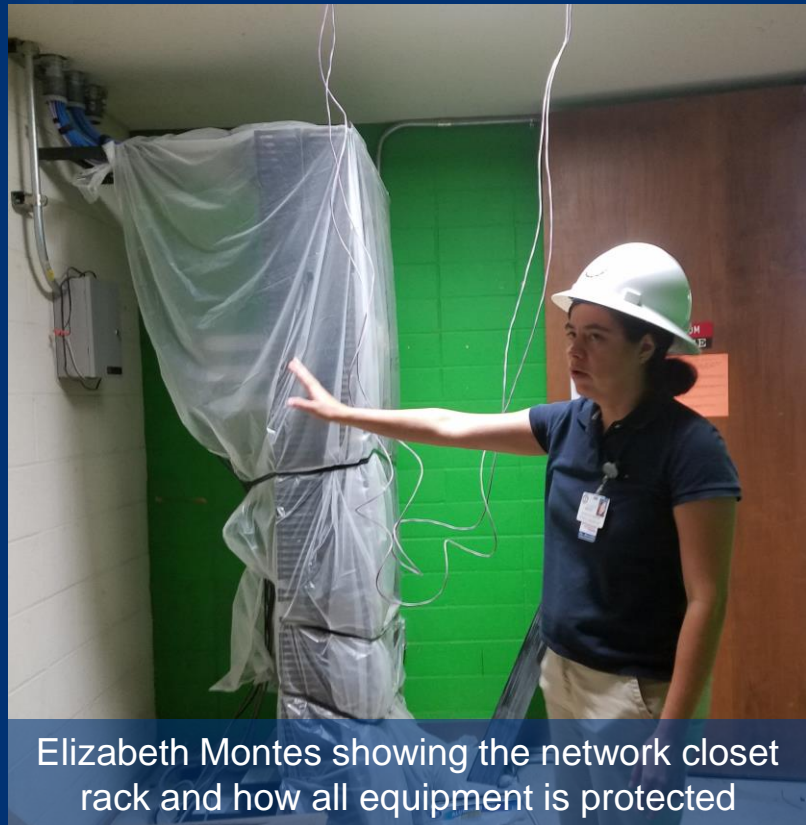

Elizabeth Montes showing the new network connections being installed in the new dividing walls
