

Technology Infrastructure and Connectivity is Under Construction Make A Final Push at Bane Elementary

Frankie Jackson visited staff at Bane elementary school on **August 25, 2017**. With a lot of work left to do, including network wiring, hanging wireless access points, connecting network electronics, and assembling instructional technology equipment, staff were willing to work up to the very end of the day in order to get ready for the first day of school. Thank you MCA, Layer3, and Ray Leung and Mike Raspet.

Ray Leung, Ken Wasko (Layer3) Mike Raspet, MCA, and Roland Padilla
