

# Report to the Long Range Planning Committee On the 2014 Bond Technology Infrastructure

Frankie Jackson participated in a meeting on Tuesday, **November 1, 2016** from 6:00 – 8:00 p.m. with the Long Range Planning Committee members to review the progress of the 2014 Bond Referendum. She was at the meeting to specifically address the technology infrastructure component of the Bond. A copy of the presentation is [here](#). Frankie was proud to see the technology infrastructure component of the bond be highlighted first, as shown page pages 3-6. Committee members expressed their gratitude for staying on course and accomplishing a great amount of work in a small period of time. The presentation was well received!
