## David LaPlante, CyberSecurity Services Analyst, Resigns

David LaPlante, our CyberSecurity analyst, resigned. We were fortunate to have him work with us for 4 months to introduce CyberSecurity to the district. He laid the groundwork for setting up the framework of a Trust Learning Environment (TLE) and completed the CyberSecurity awareness software recommendation.

His last day was on **November 30, 2017**. He will be missed!

Frankie and Jennifer met with him on his last day to wish him well!
