### 2014 Bond Update TECHNOLOGY INFRASTRUCTURE

Superintendent Parent Leadership  
Committee (SPLC) – November 14, 2017

A copy of Frankie's presentation is [here](#).

Frankie Jackson gave an update about the 2014 Bond Technology Infrastructure program on **November 14, 2017** at the Superintendent Parent Leadership Committee (SPLC) meeting. She presented along side of Dr. Macias, Associate Superintendent of Curriculum and Instruction, Stuart Snow, Associate Superintendent of Business and Finance, Dr. Henry, Superintendent of Schools, and Teresa Hull, Chief of Staff. They gave two presentations: one in the morning and one in the afternoon. One parent expressed concerns about wireless connectivity at her child's school. Frankie took an action item to research. All other comments were very positive.
