

# Technology Management Review of a Texas School District

Frankie Jackson conducted a technology management review on **October 27-28, 2016**. She was asked by the Texas Association for School Business Officials (TASBO) to conduct an in-depth review of the district's policies, procedures, staffing levels, service strategies, organizational effectiveness, job description and skills of staff, as well as their technology bonds. She and another chief technology officer conducted a total of 31 interviews with staff, and a full review of their technology department. A formal report will be submitted with their findings in 5-6 weeks.

- ✓ Review efficiencies
- ✓ Review organizational structures
- ✓ Review technology bonds
- ✓ Review mission critical programs
