

Filled with Gratitude for Technology Services Staff

Frankie Jackson thanks Jennifer Miller for her leadership and organization of the technician meetings conducted on Wednesday, **November 18, 2015**. She is consistent in the methodical planning of the meetings. She invites group participation and delivers presentations with enthusiasm and energy. She is articulate in making sure all members of the Technology Services department has an opportunity to participate. There are few meetings that are this well orchestrated. Her attention to detail is greatly appreciated!

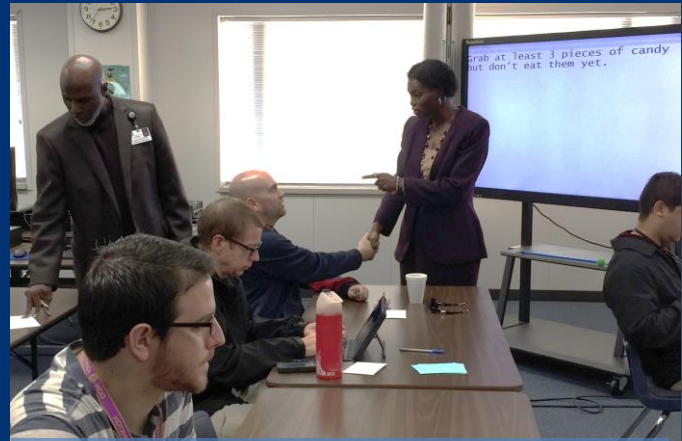

The theme of the meeting was **attitude of gratitude**. All participating in the meeting appreciates the teamwork and camaraderie in the meetings!

Filled with Gratitude for Technology Services Staff

Frankie Jackson thanks Paula Ross for her leadership and ability to assemble a team to support the district's Enterprise Communication Network. Her guidance in assuring the very best staff were selected for this special team is greatly appreciated. Her commitment to the 2014 Bond technology infrastructure implementation is second to none. Her attitude of excellence and use of humor at the right time is inspiring to everyone on the team! Thank you Paula.

Filled with Gratitude for Technology Services Staff

Frankie Jackson thanks Rodney White and John Crumbley for so eloquently presenting the administrative student mobile app at the associate principal's meeting on Tuesday, **November 17, 2015**. While presenting, principal's shared how much the app has helped them manage students far greater than they ever have been able to manage them in the past by having all student data at their "fingertips."

Rodney White and John Crumbley
