

Thank you Technology Services Staff!

Thank you **Larry Barrios** for sharing your technical expertise at the technician meetings on Tuesday, and Wednesday, **September 15-16, 2015**. I also appreciate your leadership with Bond Goal 1 and 3 (Wireless and Cabling). Your willingness to lead the implementation teams and contractors is GREATLY appreciated! – **Frankie Jackson**

Thank you **Frank Adian** for presenting to our technicians on Tuesday, and Wednesday, **September 15-16, 2015** about the new process for assigning service requests. The new service structure with teams in designated “zones” of the district will provide more efficient service! I appreciate you being a change agenda and focusing on what is best for customers. **Frankie Jackson**

Thank you Technology Services Staff!

Richard Kurtz and Jennifer Miller

Thank you **Scottie Stevens, Ingrid Morassini, Richard Kurtz, Zuhura Gober, and Jennifer Miller** for supporting and leading the technician meetings on Tuesday and Wednesday, **September 15-16, 2015**. The theme about enthusiasm was exhilarating. ***The Customer Care Center staff knows how to host a meeting.*** With cookie cake, great topics, and open communication makes for an engaging meeting. Thank you! – **Frankie Jackson**

Kim Bowlin

Thank you **Kim Bowlin** for working with me on the Digital Display boards Request for Proposal (RFP) approvals. This evaluation of the display boards was complex. I had multiple questions about how the scoring matrix was calculated. You also helped me work through responses about the product selection when community and board members had questions. Your support was invaluable! I appreciate you so much. I also am grateful for you sharing information at the technician meetings on Tuesday and Wednesday, **September 15-16, 2015**. Thank you! – **Frankie Jackson**

Leonard Chance

Thank you **Leonard Chance** for providing valuable information at the technician meetings on Tuesday and Wednesday, **September 15-16, 2015**. Your communication is clear and the new inventory processes are helping our teams be more efficient and accountable for technology assets. Thank you – **Frankie Jackson**
