

Michelle Campos Models Efficiency

Michelle Campos

Core Value: Efficient

- ✓ Working independently without supervision in accomplishing individual job responsibilities and goals
- ✓ Being action-oriented and results-driven in seizing opportunities for efficiency and improvement

Over the past few weeks, Michelle Campos has expanded her expertise beyond her traditional scope of work. She has become engaged in several new initiatives that will ultimately benefit the department tremendously. Her expanded scope of work includes, but is not limited to, the following:

- Improving the internal billing processes for both MCA Communications and AT&T. Each of these processes have been in place for years. However, the intent of the review is to be able to understand, improve, and articulate the details of the billing.
- Composing Request for Proposal (RFP) for services that CFISD needs. This process requires coordination between Technology and Purchasing and must adhere to strict guidelines.

Thank you Michelle for your willingness to learn these crucial skills!

CORE VALUES

- Efficient
- Accessible
- Systematic
- Highly-Skilled
- Student-Focused
- Service-Oriented
