

# 2018 Network Closet Summer Project

**Elizabeth Montes, Bradley Mulligan, and Janet Martinez** met with **Paula Ross** to review plans for collecting data on all network closets, devising a schedule for completion, then how to incorporate the maintenance of all closets into the Service Technician PAR Reporting for Fall 2018.

**Bradley Mulligan** is working with **Rock Valentine, Art Ramirez, Chris Roberts**, plus the ECN quadrants, to collect and organize all campus networking information (sample data above). The team also consulted with **Larry Barrios** to ensure that all PAR data is being incorporated into the plan. A schedule for this activity will be published soon.
