

CAMPUS TECHNICIAN SUPPORT

Technicians In Action – Aragon and Dean

ARAGON MIDDLE
SCHOOL

Gloria Hawthorne at Aragon MS walked her building to check off the installation of LightSpeed Sound equipment. Lightspeed is a sound system that engages the whole classroom. This is a bond initiative. With this system, Teachers wear a small microphone to ensure students hear, understand, and gain insights by creating excellent speech intelligibility and even distribution of sound. **Gloria** tested Lightspeed equipment after replacements were delivered. Faulty equipment was returned to Lightspeed.
