

# CAMPUS TECHNICIAN SUPPORT

## Technicians In Action – Hamilton MS

Kristi Pearson with Sandra Hoppe

Sandra Hoppe helped Kristi Pearson, 7<sup>th</sup> grade Science teacher, in setting default applications after reimaging her teacher computer due to audio no longer working with the TopCat ceiling speaker for LightSpeed. The computer is now connecting to the TopCat system again. LightSpeed is sending a new cable next week to assist in reducing the humming noise from the system in her classroom.
