

# CAMPUS TECHNICIAN SUPPORT

## Technicians In Action – Hamilton MS

Sandra Hoppe with Jennifer Hill

Sandra Hoppe met with Jennifer Hill, Librarian at Hamilton MS, to take inventory of the new Chromebooks and Kajeet hotspots.

These devices are part of the initiative to provide Internet and Chromebook access to those students who may not have such at home. The Chromebooks and Kajeets will be checked out of the library much like books, to be returned at the end of the week.
