

CAMPUS TECHNICIAN SUPPORT Potluck Luncheon

LeiLani (Windfern) and Derly (DII)

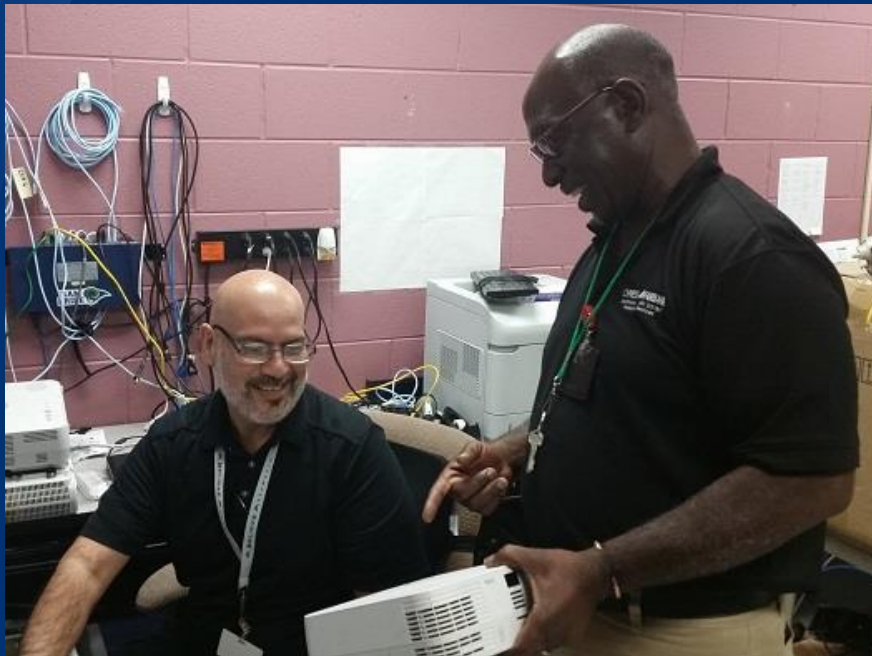

June (Kahla) and Gloria (Aragon)

Members of Technology Services enjoyed a Potluck Luncheon this week at the ISC. It was so great to see all of Technology coming together to make the luncheon a success and have a chance to mingle.

CAMPUS TECHNICIAN SUPPORT

CyRidge High School

Jair and Martin

At CyRidge HS, **Jair Garza** is the go-to person for anything projectors, bulbs out, Promethean installations, etc.

Tickets for projector issues go to **Martin Donald** only when every avenue has been exhausted. **Martin** is very quick with bringing **Jair** and **Susan Pavliska** needed items to keep the classrooms up and working.

In this particular case, a Life Skills class had pixilation with their projector and **Jair** did not have another projector to mount for the class. **Martin** was kind enough to provide a replacement, with a smile (as usual)!

CAMPUS TECHNICIAN SUPPORT

Hamilton Middle School

Sandra Hoppe updated the Group Policy in order to fix O: drive issues in the Yearbook lab.

Kim Loyd, Yearbook teacher, was very appreciative. Happy teacher ... happy students! Because of this fix, the Yearbook class was finally able to continue their hard work.
