

Excellence in Action Organizational Value Highlight

Week Ending June 26, 2015

Core Values

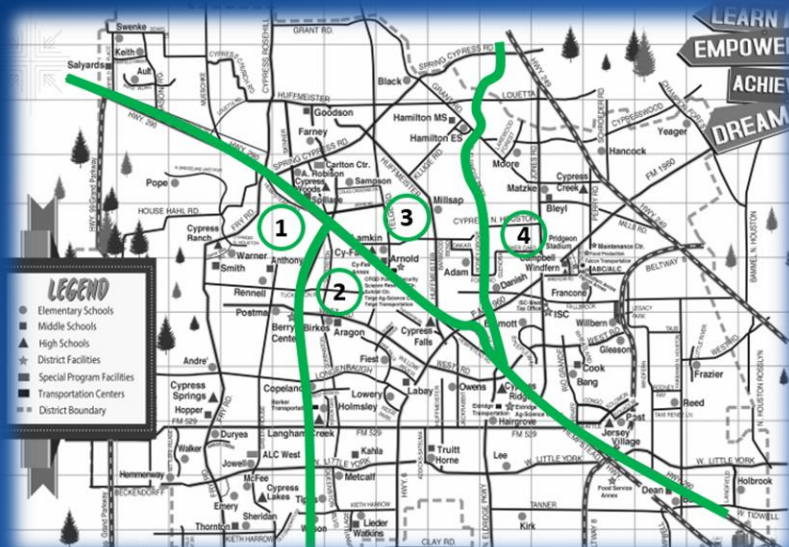

- Efficient
- Accessible
- Systematic
- Highly-Skilled
- Student-Focused
- Service-Oriented

Frank Adian is Service-Oriented

Frank Adian has been a part of the Service Center since January 24, 1994. In all of those years, Frank has continued to remain focused on the main thing – students, teachers and working equipment. This year, Frank has been instrumental in providing personnel to assist multiple teams in the department. Frank has found new ways to strategically supply personnel to multiple teams to enhance the skillsets of the department in order to assist with department initiatives. This week, Frank worked strategically with Prime Services to divide the district in 4 quadrants. Frank met with Jay Johnson and Jennifer Miller so as to ensure a **service-oriented** strategic implementation. Frank can be counted on to have a positive attitude whenever faced with a new opportunity or request. Thank you Frank for all that you do!

➤ Maintaining a big picture perspective by foreseeing service issues and/or pitfalls in approaches.
