

# On Demand Training For Parents and Students

Value Highlight

Efficient  
Accessible  
Systematic  
Highly-Skilled  
Student-Focused  
Service-Oriented

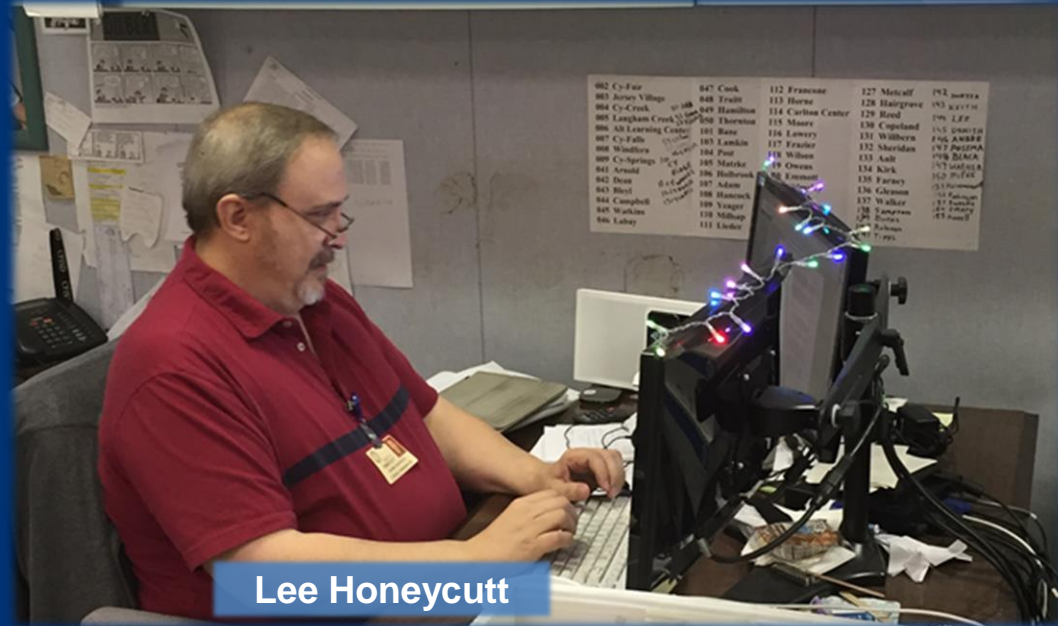

Core Values

As preparations for the launch of SunGard's Family App were being discussed, it was quickly decided that some on-demand video training would be beneficial to students and parents.

Lee Honeycutt spoke up and volunteered to produce introductory videos as well as training videos. This allows our community to explore the features of the new app at their pace and convenience.

Lee exemplifies each of these values with this project.

Lee Honeycutt

Some of Lee's videos are available here:
