Katharine,

This is Jay Guerrero Technology Service Technician for Special Education Dept. Please let Frankie know we want to express appreciation for the support that was offered today to one of our Homebound teachers by Daniel Pham of Cy-Creek HS. She was issued a tablet here at Falcon Annex and had no issue logging on. She arrived at Cy-Creek with “error” messages. I contacted Daniel and immediately handled the issue.

The Homebound teacher was highly impressed at the turn around response.

Simply wanted to give Daniel Pham KUDOS this morning!
