

Thank you Technology Services Staff!

THANK
YOU

Frankie thanks the Virtualization RFP evaluation and analysis team, including **Paula Ross**, **Jay Johnson**, **Oscar Villar**, **Mike Diaz**, **Greg Rhodes**, **Lance Melancon**, and **Kim Bowlin**. We have 7 vendor teams to analyze in two-hour vendor presentations. Their questions, attention to detail, and willingness to participate is very much appreciated.

Frankie thanks **Oscar Villar** and **Paula Ross** for their continued leadership in planning and coordinating the build out of the core infrastructure. Their willingness to work through the technical details and the coordination of the Bond is very much appreciated, and it goes beyond words that are descriptive!

Frankie Jackson thanks **Kim Bowlin** for taking the lead in scheduling the Virtualization RFP meetings with vendors. She coordinated with 7 vendor teams all of the logistics and schedules. Her work is so much appreciated. THANK YOU

Merry Christmas

Merry Christmas

Thank you Technology Services Staff!

Frankie thanks **Jennifer Miller** for her continued support. Whether it is to help communicate with campuses, serve others on the team, buying birthday items for team members, to planning fun/creative meetings for campus technicians – to helping her track down significant improvement needs And the list could continue – Frankie appreciates every ounce of energy she puts into the day to day operations of the team. Thank you.

Frankie thanks **John Crumbley** for reaching out to other districts and technology companies, to find out how they are working to streamline the process of textbook integration. She appreciates his dedication to finding more innovative ways to get things done.

*Merry Christmas
and
Happy New Year*

Thank you Technology Services Staff!
