

Business Services

Rich Crishock

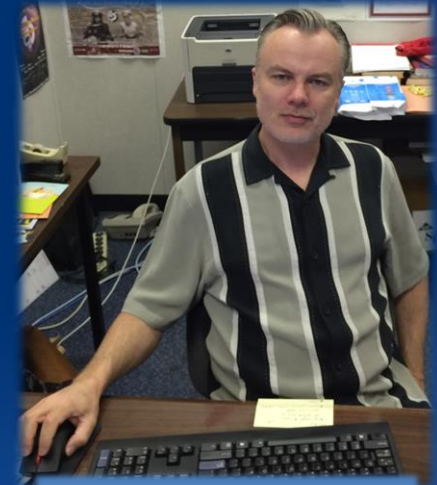

Rich's contributions this week include:

Completed testing of 4GL program to load TCG deduction data into Finance batch system. Also added logic to stop deduction if TCG sends zero dollar amount.

Modified Kev (School Cash) extract process to include next year grade and campus data for students.

Sent new deduction files to TCG for testing and processing.

Research problems with Student Certs application. Future dates on transcripts were causing problems with PEIMs data uploads.
