

Student Focused

CFISD Family Mobile App is nearing its official launch.

This mobile app will provide immediate and secure access to student's information: including grades, attendance, current grade average for each class, daily assignments with grades, just to highlight a few of the features.

Watch the trailer video for the mobile family app here.

for K-12 Education

Background Screening Specialists

Dava Clark and Eric May with the ISA team joined Christina Cole and her Human Resources (HR) team to iron out the final wrinkle in the TalentEd Process. To ensure that our schools remain safe, every employee has a background check ran prior to employment. Under the leadership of Dava Clark, the marriage of TalentEd and JDP streamlines this process into an easy to follow concise process.

Business Focused

Eric May and John Crumbley with the ISA Team met with Greg Brewer, VP, and Lauren Archer, Acct Executive, with Associated Time and Parking Controls (ATPC). Cy Fair uses ATPC for the hourly employees to clock in and out. The team was discussing how ATPC could assist Cy Fair to record and report absences from duty.

ATPC offers a solution integrated into the time clock solution that records and reports absence from duty information. Lauren is working with Eric to schedule a demonstration of the ATPC absence recording system. Human Resources, Payroll as well as department attendance personnel will attend this demonstration.

Information Services and Applications (ISA)

PEIMS TEAM

OnDataSuite®

ISA is pleased to announce the implementation of OnDataSuite (ODS)

Under the leadership of Norma Blenderman, Coordinator for PEIMS, ODS will be implemented for the 2015-2016 school year. Thelma Hackler, trainer for ODS, will be training the core group of Cy Fair users.

Initial feedback on ODS is over the top positive. One report that would have taken five hours to prepare and produce was completed in minutes using ODS.

Enrollment

Total Enrollment for Today: [112678](#)
Enrollment by Building

The first week of the 2015-2016 is now behind us, and an exciting year lays ahead of us. This year will bring many wonderful technology enhancements to the students, parents and employees of Cy Fair ISD.

At the end of the first week, there are 112,678 students currently enrolled. We continue to enroll new students and expect to see a jump in enrollment after Labor Day.

The ISA Leadership Team held their weekly T4 Staff Meeting on **Thursday August 27, 2015**.

The agenda can be viewed [here](#).

The ISA team gathered Friday morning, August 28, 2015, to celebrate with **Dorothy Tong**, Senior Programmer / Analyst. The ISA team had snacks and well wishes for Dorothy, including these 'feel-better' cookies guaranteed to cure any and all ailments.

Dorothy Tong
