Core Values

Reneé Peel

Reneé Peel wears many hats on the Information Services and Applications PEIMS team.

Her primary responsibilities include TSDS data anomaly corrections, assisting campus registrars with their TREx application, maintaining student data for the JJAEP campus, assisting with CEHI and homebound attendance entry in eSchoolPLUS.

Her constant can-do attitude and willingness to serve bring a sense of calmness to the team. We are grateful to for all she does!

Thank You Reneé

The trouble with doing something right the first time is that nobody appreciates how difficult it was. — Unknown
