

Supporting Campus Staffing Allocations

Donna VanHooser and Rodney White focused on providing more accurate data to Human Resources (HR).

HR is working to better understand campus enrollment data to allow them to more accurately allocate teachers year after year.

Donna and Rodney are working on a management staffing report that would allow the HR team to analyze dynamic campus enrollment and teacher allocations as a more accurate for the following years projections.

T Traweek, Rich Crishock and Eric May, attended a conference call with the SunGard technical team on Friday January 22, 2016. The topic for discussion was the pending upgrade of the district's Finance system.

Plans were put in place to install the new system in parallel for testing, development and training. This will take place in February.

Dorothy Tong

Dorothy Tong returned to work on Wednesday January 20, 2016 after an absence from duty. The staff was so excited to welcome her back, they decorated her office door with personal messages in the form of sticky notes. She was pleased to see that her co-workers missed her.

As soon as she sat at her desk, she picked up where she left off, supporting the students and faculty of CFISD.

Dorothy missed us as much as we missed her!

Welcome Back
Dorothy!
