

# Business Services

## Rich Crishock

### Rich's contributions this week include:

Met with **Abbey Bryan** and **Michele Herman** at Cy-Ridge to discuss replacing a paper sign in sheet with a modified version of the Student badge scanning application. We will be adding College Career Specialist counselors to the destinations at campuses. This will give the CCS counselors the ability to accurately track students they have assisted and will help them identify students that need to see CCS for guidance.

Rich Crishock

Rich also added Staff Title to the Employee Phone Directory search screen. This will make it possible to get a quick and accurate listing of staff by position.

Fixed an issue with the TCG EZ-Enroll process to ensure that TCG only receives the most recent deduction change record for each payroll.
