

PEIMS Focus

There is nothing better than knowing you are making a difference in someone's life.

Marta Bott with the ISA team received that affirmation on **Friday September 4, 2015**.

Marta has spent the last two months assisting the campus registrars in preparation to welcome 7,000 new students to Cy Fair schools.

In appreciation for her assistance, several registrars sent Marta a 'Thank You' notes to let her know how much they appreciate her.

Thank You Marta

Student Focus

Cy Fair ISD is in full swing for the 2015-2016 school year. The main focus is Every Student Every Day – making sure that everyone does everything possible everyday to make student achievement possible.

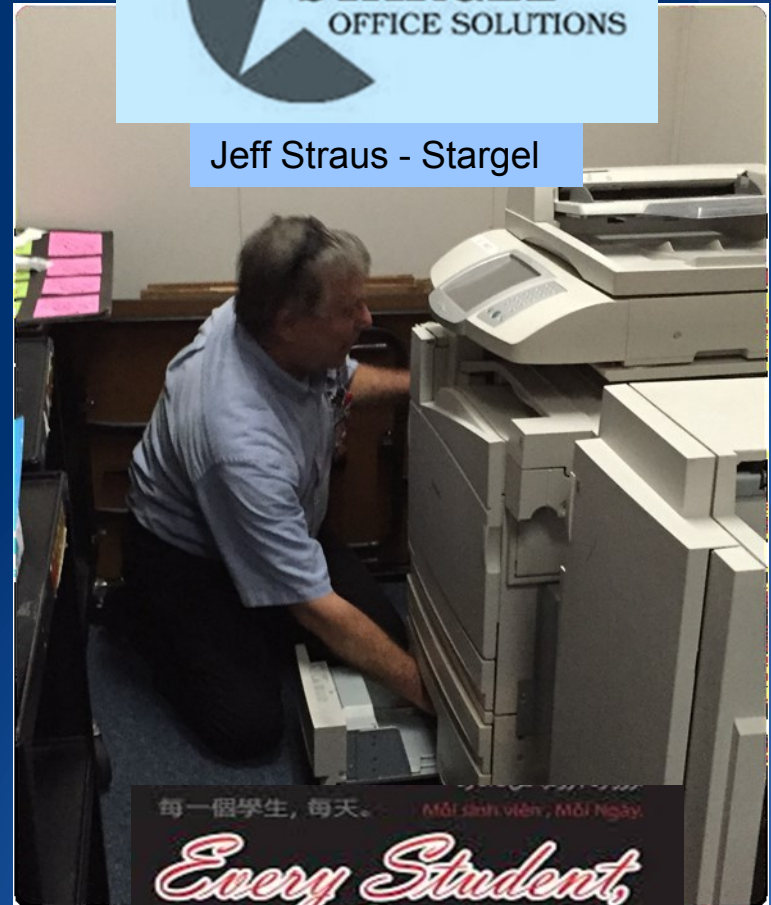

Part of this educational process is ‘checking for understand’. This means that teachers stop and make sure that the students are comprehending the material the teacher is presenting. Cy Fair has developed a quick and simple method to perform this task.

Using the Lexmark Printers / Scanners, teachers can quickly print an answer sheet, give the students a quick quiz and scan the answer sheets back in to be instantly graded. The results are emailed to the teacher. This allows teachers to immediately adjust their teaching delivery methods and styles to ensure that every student learns.

Stargel Office Solutions won the bid for maintaining the Lexmark devices. Jeff Straus, senior technician has been busy ensuring that the printers will be ready for the teachers.
