While visiting Watkins Middle School, Gwyn Wolke made time to sit with Hemant Patel and Jacqueline Dinh.

They discussed the master schedule. Since the team there is new to this role, Gwyn wanted to provide any and all assistance she could to ensure that they are successful.

Through the dedication and hard work of the Watkins team, their master schedule is in good shape.

Through the Bond Program, staff members received new computers. As a result of this, the computers in the Human Resources' (HR) Applicant Testing Lab were updated as well on **Friday September 11, 2015**.

HR had scheduled applicants to be tested on Monday **September 14, 2015 at 2:00 pm**. The application that administers the applicant test had to be reconfigured so that it would work successfully. **Dava Clark** and **Neetha Chada** worked together to change the configuration of the system.

Thanks to the immediate response of the Dava and Neetha, the HR team was able to maintain their appointment schedule.

Way To Go!!

After careful planning and research, **Lee Honeycutt** and **Rodney White** implemented parent maintained passwords for the Home Access Center (HAC). This new process makes it easier for parents to access HAC on a computer and paves the way for access through the SunGard Family Mobile App.

To assist parents, Lee created a video that leads them through the process. You can watch the video [here](#).

In the first two hours after the implementation, **697** parents had successfully changed their passwords. **26** parents have watched the video, with **2** parents 'LIKING' the video.

As part of the deployment of the SunGard Family App, **Rodney White** and **John Crumbley** met with **Scottie Stephens** and the Customer Care Center (CCC) team to discuss supporting the mobile app.

The cross-team collaboration between the ISA and the CCC teams is proving beneficial, not only to this project, but to the overall support of the Cy Fair community.

The ISA leadership team held their T4 meeting on September 10, 2015. The agenda can be reviewed [here](#).
