# Thank you Technology Services Staff!

**Bradley Mulligan**, I want to thank you for meeting me yesterday (April 14<sup>th</sup>) at Woodard. You took time out of your busy day to help me. I could sense a strong relationship with the instructional technology liaison, Shannon. I could tell she respected and valued you. Again, thank you. The information that I gained while I was there helped me prepare for the board meeting (we had a \$16M proposal for audio enhancement systems) at the board meeting as well as determine where wireless issues could be. I appreciate you more than words can say. Frankie Jackson

*Thank You*

**Zuhura Gober** always does so much for me and for the bond project. Whether its creating/updating call database info or scheduling work at campuses, she's always fast, efficient and she does it with poise, grace and a smile. She always maintains a level of professionalism a step above. Thank you, Zuhura!
