Subject: RE: Setups

Larry,
This has been a long time coming. I just told Becky that I would like to send you and **your team** an official email of gratitude for impeccable service. I am amazed at the response and special attention you all are giving us with the roll out of NEW technology. Keep it up!!!

To: Frankie Jackson
Subject: Excellent support!

Frankie,

I just wanted to let you know how much I appreciate all the support that we've received from both **Larry and Paula's teams!** **Larry** and **Austen** have worked with my team to help us find a WiFi solution that will allow teachers and students to connect wirelessly to their new Promethean panels. It's been quite a task and I feel confident that they both understand what is needed for our teachers and will help us find the right solution!

Paula's team, specifically **Greg and Andrew**, have spent a great deal of time helping us problem-solve and trouble-shoot all things Google! They are extremely busy but always make time to help us fix issues as they arise. This week, they helped us with Google Hangouts and Google Expeditions and were most patient and kind through the process!

Both teams are the unsung heroes who quietly do incredible work behind the scenes to make things work for CFISD! They don't get paid enough in my book! I wanted you to know how much we appreciate them!

Have a great evening,
Becky

To: Jay Johnson **Subject:** **Geoff Brown**

Jay,

I just wanted to say how much I appreciate all the work that **Geoff** has put into the new delivery database! It's amazing what he's been able to do and what he's planning to add when he gets the upgraded version of software! He does an outstanding job of taking input and translating that to a wonderfully simple, yet complex, tool that will help everyone in the district!!! I wanted you to know that we all think he's amazing!

Thanks!
Becky
